ORDER

Upon further consideration and after consultation with the Pretrial and Probation Office, the Petition for Warrant for Offender on Supervision (Doc. No. 76) alleges a single state law misdemeanor violation that has been adjudicated in state court. This Court believes that a time-served sentence will likely be appropriate. Accordingly, the Marshal shall release Mr. Epps immediately. The Government's Motion to Reconsider (Doc. No. 89) is **GRANTED**, and a revocation hearing will be set in due time.

IT IS SO ORDERED.

WAVERLY D. CRENSHAW, JR.
CHIEF UNITED STATES DISTRICT JUDGE
